

**TAKE BONDING TO
THE NEXT LEVEL.**

Extraordinary Holding Power

When your bonding needs go beyond what ordinary adhesives have to offer, PermaSTIK ULTRA HIGH BOND™ gives you the extraordinary holding power you need for structural and other high performance applications.

PermaSTIK ULTRA HIGH BOND™ provides strong, durable, weather-resistant bonds that hold up in the most extreme conditions. Unsightly mechanical fasteners can be replaced with a smooth, invisible seal, improving project aesthetics and reducing joint stress. PermaSTIK ULTRA HIGH BOND™ is also economical and easy to use; clean application with minimal training and no special equipment necessary – all at a competitive price.

Adhesive
Applications

PermaSTIK ULTRA HIGH BOND™

APPLICATIONS

CONSTRUCTION: Bonding architectural metal panels, window installation.

TRANSPORTATION: Fabrication of trucks, trailers, RVs, trains, buses.

APPLIANCE: Manufacturing consumer and industrial appliances.

ELECTRONICS: Production of LCD displays, data storage enclosures, cell phones.

HVAC: Assembly of air conditioning units.

SIGNAGE: Mounting interior and exterior signs.

MARINE: Attachment of lights, instruments, and rubber extrusions.

INDUSTRIAL ASSEMBLY: Applications that involve bonding in extreme conditions.

KEY FEATURES

Economically priced.

Structural adhesive replaces mechanical fasteners and liquid adhesives.

High adhesion and shear strength.

Joins dissimilar materials for static and dynamic loads.

Clean & easy to use - bonds on contact; minimal application training needed.

No investment in special equipment.

Provides shock, vibration and noise dampening.

Invisible bond enhances product appearance and design flexibility.

Solvent, moisture and U.V. resistant.

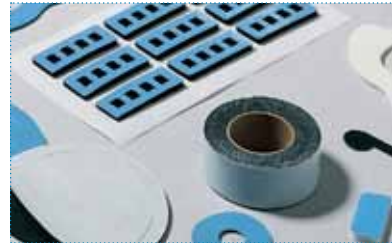

Resists plasticizer migration and thermal expansion/contraction.

Distributes stress over the entire substrate surface.

Tape can be die cut for gasket applications.

TECHNICAL DATA

ADHESIVE SYSTEM	high performance acrylic	
LINER	polypropylene	
COLORS	gray, white	clear
THICKNESS (mil)	30/45/60	16/30/40/60

CUSTOM CONFIGURATIONS
AVAILABLE UPON REQUEST

ISO 9001 Registered Company
